

❖❖ Dinner

- What types of food should our family bring?
 - ◆◆ If it is possible, we'd love to have you bring something to share that is a dish from your culture or ethnic heritage. Really, anything is welcome.
- Is there anything else in particular that we should not bring?
 - ◆◆ Since this year's event is a Friday in Lent please don't bring items that contain meat.
 - ◆◆ If the dish you are bringing has nuts, please make sure we know about it when you drop off the food so we can put a note on it.
- When do we bring the food?
 - ◆◆ You bring the food when you come to the event. There will be tables for each category of food and people to help you out where to place the dish(es).

❖❖ Display

- What should be on my display?
 - ◆◆ Anything that you would like the SJC community to know about the country or state you are representing (*i.e.*, arts & crafts, native dress, important people, geography, etc.). You can also bring food (small tastes, please) for people to try.
 - ◆◆ Another option is an activity, game, or craft for children to do at your table.
 - ◆◆ Some people use science fair display boards as well.
- Do I have to do this by myself?
 - ◆◆ No! Feel free to join together with other families to present a table together. This is often easier so that you can share resources.

❖❖ Entertainment

- What kind of entertainment can my children do?
 - ◆◆ They can do just anything that represents a state or country. In the past we have had singing, dancing, musical instrument performances, physical demonstrations, etc.
- How long should the performance be?
 - ◆◆ Plan for 2 – 3 minutes, depending on the activity.
