[www.sjcschool.org/admissions](http://www.sjcschool.org/admissions)

## See What People Are Saying About SJC School!!!

SJC is a welcoming community that provides an excellent well-rounded education for our son. SJC teachers and staff are caring and committed. My son's teachers are very effective and stimulate his interest in learning. Our son comes home excited about what he's learned at school. He enjoys researching California missions, and talks to us about learning fractions in math and sound in science lab. He was also excited about getting his Hour of Code certificate and spent his free time coding games on his own. He enjoyed participating in the Christmas musical, likes playing the trombone in band, and enjoys having fun with his SJC friends.

**The Scott-Wiser Family, Grade 4**

We appreciate the school values – SPARCCLS. These values are being taught and encouraged every day. We believe our child will grow to be a good citizen in this environment.

Thank you, SJC!

**The Chow Family, Grade K**

SJC feels like a big family for children and parents. We also noticed changes in our son. He started showing interest in reading!!

**The Rui Family, Grade 2**

SJC Preschool has a "beautiful spirit." Our child is not only taught incredibly well by top-notch teachers, but also is completely at home here at SJC preschool and feels loved and valued here. That kind of spirit is so important to learning and to growing in knowledge, character, and faith.

**The Li Family, Preschool**

At SJC, teachers care about the student every step of the way and they always find a way to work with the children. I know my son will become a well-educated citizen that is also compassionate, respectful, confident, caring, and socially responsible at SJC.

**The Calero Family, Grade 1**

We visited several Catholic schools, looking for the right school for our son. We discovered St. Joseph of Cupertino School and fell in love with the school. This school is very diverse and provides an outstanding education. The staff members are dedicated, supportive, and caring. SJC also has many extracurricular activities such as Chinese Classes, Computer Coding Club, Art Club, Chess Club, and more.

**The Doung-Tran Family, Grade 7**

I am a parent of two international students, and I was worried that my children would not keep up with learning. Fortunately the teacher's vigorous attitude to the coursework has resulted in a big improvement for my children's learning.

**The Xiong Family, Grades 8 and 3**

We transferred our daughter to SJC at the beginning of 4th grade and she was made to feel a part of the school from the beginning. We received a welcome email from an SJC family before school started and were invited to the BBQ and Ice Cream Social for new families. She was immediately impressed with having Smart Boards in the classrooms and loved being a part of the basketball team, band, choir, and many other SJC clubs and sports teams. Now our daughter is in 7th grade and is most thankful for the great friends she has made at SJC and the caring staff and teachers.

**The Tan Family, Grade 7**

We were very happy we chose SJC as a school for our daughter. Prior to SJC, my daughter attended both public and independent study schools. Even though she attended a variety of schools, she likes SJC the most. We always felt that SJC, from principal to teacher, heard our needs.

**The Xu Family, Grade 8**

We started at SJC this year. Although the school is a drive away from our home, our kids are happy to come to school. Our family has enjoyed being a part of the community.

**The Mariano Family, Grades 7 and 6**

In everything that is done at SJC there is an emphasis on respect and responsibility, integrity, and "doing the right thing" and all of it starts with the emphasis in prayer and faith. We have been at SJC for ten years and are grateful for everything. We feel blessed to be a part of this community.

**The Kalcic Family, Grade 7 and  
Class of 2017**

SJC School is a gem in Cupertino. We chose SJC over the other prime public schools in Cupertino as we were impressed by the "whole child" education and SPARCCLS student learning expectations philosophy. Our daughter has been able to excel in academics; express her passion in visual and performing arts; and develop confidence in mind, body and spirit. Over the years, we have made many new friends and buddies. We have fond memories of SJC. She will be well prepared to enter high school in Fall 2018!

**The Wong-Foo Family, Grade 8**

SJC is a great school because of all the parent involvement. Parents are always willing to volunteer their time to help out the school or support other parents with rides homes or watching children other than their own.

**The Jimenez Family, Grades 5 and 3**

I am happy with the way SJC prepares its students to be compassionate, spiritual, and strong leaders and communicators. SJC encourages each child to improve on challenging areas and strengthen their natural talents.

**The Espiritu Family, Grade 7 and  
Class of 2017**
