St. Joseph of Cupertino's Principal for the past 20 years, Mary Lyons, shares a special moment with our youngest school students.

"St. Joseph is not just a school, we are a community."

St. Joseph of Cupertino School, with the support of our families, is committed to educating the "whole child." We place importance on the spiritual, intellectual, emotional, social, and physical development of each unique child. We base our education upon the teachings of Jesus - teachings which foster respect, responsibility, justice, gratitude, and peacefulness.

Established in 1956, St. Joseph's is a Catholic, parish school. We are excited to build upon this rich history and now offer to the preschool children of our community the strong foundation for which we are known. Please be our partner as we turn this dream into a reality.

BUILDING A HOME for our JUNIOR JAGUARS

Continuing with our 53 year-strong mission of providing a faith-based, well-rounded education for the children of our community, St. Joseph of Cupertino School is excited to announce our plans to expand our school by offering an on-site, non-profit program for preschool aged children opening in August 2010.

Our plans include renovating a current meeting room and transforming it into a state of the art preschool facility for children ages 3.5 years to 5 years old. Families will be assured that their little ones will be cared for and educated in the nurturing, safe, loving, and values-based environment for which St. Joseph of Cupertino Elementary School is known.
